ABOUT ME

Innovative Junior Developer with a strong foundation in React.js and Node.js, recognized for high productivity and efficiency in completing tasks. Proficient in building dynamic, responsive user interfaces and developing robust backend solutions. Adept at leveraging modern web technologies like JavaScript, Express.js, and RESTful APIs to create scalable and user-friendly applications. Known for problem-solving, teamwork, and adaptability, ensuring seamless collaboration and successful project delivery.

EDUCATION

SILVER OAK UNIVERSITY

BCA (Pursuing) CGPI-8.2

2022-2025

VIVEKANANDA VIDHYALAY

HSC-72% (2021-2022), SSC-70% (2019-2020)

SKILL

- HTML&CSS
- REACT JS
- Time Management
- JAVA SCRIPT
- NODE JS
- Teamwork

WORK EXPERIENCE

Infikey Technologies Private Limited

3 MONTHS

Completed a React.js internship at Infikey Technologies Private Limited, where I gained hands-on experience in developing dynamic, responsive web applications. Contributed to building user-friendly interfaces, optimizing performance, and implementing advanced React.js concepts such as state management, hooks, and component lifecycle.

Infikey Technologies Private Limited

3 MONTHS

Completed a Node.js internship, focusing on backend development and API design. Gained experience in building scalable server-side applications, integrating databases like MongoDB, and optimizing performance. Worked on real-world projects, enhancing skills in asynchronous operations and application security.
